STATINTL

[REDACTED] HAS ASKED ME TO FOLLOW UP ON YOUR RECENT TELEPHONE CONVERSATION WITH HIM CONCERNING THE NADIR DETERMINING DEVICE. WE WILL BE PLEASED TO HAVE YOUR MEN COME TO THE PLANT FOR A WEEKS PERIOD OF FAMILIARIZATION AND CHECK-OUT ON THE EQUIPMENT. I SUGGEST THAT YOU PLAN TO SEND THESE MEN FOR THE WEEK OF 30 NOVEMBER 1959.

CONCERNING THE PROBLEM OF FITTING THE EQUIPMENT INTO THE ELEVATOR, I AM CONCERNED THAT THE MACHINE WOULD BE DAMAGED IF IT WERE TURNED ON END, PARTICULARLY THE MIRRORS AND MEASURING ENGINES. WHILE I REALIZE IT IS LESS DESIRABLE, I MUST RECOMMEND THAT THE DEVICE BE HOISTED THROUGH THE WINDOWS.

WE ARE LOOKING FORWARD TO YOUR VISIT DURING THE WEEK OF 9 NOVEMBER. I WILL CONTACT YOU IN THE MEANWHILE FOR NECESSARY DETAILED ARRANGEMENTS.

SINCERELY YOURS,

[REDACTED] STATINTL
